TOPIC Military Installations in the Plzen and Stribro Areas

25X1A

PAGES 2 ENCLOSURES (NO. & TYPE)

REMARKS

25X1X

1. Prior to 23 August 1951, the barracks installation immediately northeast of the Bory prison in Plzen (N 50/L 04) quartered a heavy artillery unit. The so-called 35th Regt Barracks in the northern section of the city, about 200 meters west of Republic Square, was occupied by at least 1,000 troops of an undetermined unit. Across from this barracks was the former Chamber of Commerce. The barracks installation on Doudlevecká trida was occupied by a unit of about 400 men. One section of the large building was used by the central post office. The old Na Slovanech Barracks southeast of Plzen quartered a motor transport battalion and a drivers' school. Next to it there was a barracks installation consisting of about 30 low brick buildings which was completed in November 1950 and occupied by a technical unit of at least 1,000 men in March 1951. * S&B headquarters and an S&B office were in a four-story building on Anglické Banské Street, about 300 meters southeast of Republic Square. The collective military and civilian hospital was on the west side of Remocniční ul., in the southern sector of the city. The post drill ground for infantry units was near the village of Radčice, northwest of the city. The infantry target ranges were near the village of Lobzy, east of the city.
2. A three-story barracks building, about 50 meters long, at the western exit of Stribro (N 50/P 74) on the road to Milikov (N 50/P 74), was completed in November 1950 and occupied by a unit of more than 500 men. Houses containing about 70 apartments, which were to be completed in 1951, were under construction opposite the barracks installation. Construction work was done by the ČesZ firm (Čs. stavební závody - Czech Construction Firm) in Plzen, branch office in Stribro, which was subordinate to the Central Administration of Czech Construction Firms in Prague. In May 1951, the branch office in Stribro was incorporated into the Armádní stavby - Army Construction Administration. Construction work in Stribro was supervised by a junior lieutenant from Stribro and a staff captain from Plzen. **

25X1A * ~~CONFIDENTIAL~~ Comment. The Na Forech Barracks which, according to previous information, was occupied by infantry and air force units in the summer of 1951. See EBL-16114. According to a report of May 1951, the 35th Regt barracks installation quartered a unit, allegedly a component of a tank unit, of 25X1A soldiers wearing red-bordered black epaulets. According to previous information, the Na Slovanech Barracks quartered the 155th AAA Regt and a mortar unit in addition to the motor transport battalion and the engineer unit mentioned in the present report.
